FORTY-SECOND YEAR NO. 5.

CEDARVILLE, OHIO, FRIDAY, JANUARY 31, 1919

PRICE, \$1.50 A YEAR

## REV. C. E. GARDNER WILL ADDRESS COMMUNITY CLUB.

Dr. Clarence E. Gardner, pastor of the First Lutheran church, Springfield, one of the most eloquent speakers of the city has been secured by Dr. McChesney to deliver the address on the occasion of the annual Community Club banquet to be held in the R. F. church, Wednesday, February 12.

Dr. Gardner has just resigned his charge in the Home City to accept the pastorate of the First Lutheran church in St. Joseph, Missouri, after a residence of 13 years in Springfield.

Dr. Gardner has spoken here on two previous occasions and those who have heard him will welcome his return. It is expected that he will deliver a patriotic speech for which he is noted.

Dr. W. R. McChesney is the retiring president of the Community Club and two tickets have been nominated for selection of officers. The Ladies' Advisory Board of the College will furnish the evening dinner.

## SCHOOL BOARD SELLS OLD PROPERTY.

The township board of education at a meeting Friday night sold the old school building on West Xenia avenue to the Hagar Straw Board & Paper Co. for \$2,200. The board reserved the furniture in the building. The building has been going down and as the price offered was much higher than any other it was deemed best to sell. At the meeting a resolution was passed requiring all the graduates to deliver orations at commencement. There will be twelve graduates this year.

## COURTS RESTRAIN BULESON ORDER.

The Common Pleas Court in Franklin county has enjoined the government from enforcing the new telephone toll rates ordered by Postmaster Burleson, who has charge of the telephone and telegraph lines in the country. Several states have taken the above action brought by the attorney general of this state.

## SUPREME COURT KILL CLASSIFICATION AMENDMENT.

The Ohio Supreme Court on Tuesday knocked out the classification of property for taxation as adopted by the voters last fall on a referendum vote receiving a majority of 50,000. The court held that the amendment conflicted with the Shinto mortgage amendment adopted by the people at the same election receiving a majority of 100,000. The court held that as the latter received the highest vote it should stand. It was predicted by many at the time the initiative and referendum were adopted that just such a case would arise and the courts being elective officers would decide many cases in favor of public opinion whether it conformed to the law or constitution or not.

The court has also rendered a decision holding the Cincinnati occupational ordinance as legal so long as the state did not exercise the same power. This means that corporations can tax individuals from the day laborer to the professional man. The tax is to make up for the loss of the liquor revenue. The court's decision will be a blow to the legislature that had plans for the revision of Ohio tax laws on the classification lines.

The initiative and referendum has furnished Ohio the ground work of Bolshevism government such as Trotsky and Leninne gave Russia and are trying to force on Germany. It is just the kind of government that the I. W. W. preaches and all that is necessary to throw Ohio in the turmoil of that element is to have a leader.

## WHAT THE COMMUNITY CLUB REALLY IS.

We read an article the other day on the Community Club as an organization and what it could be made to do for each town that had one. The following seven points are not only worthy of reading but, if practiced would place this town far in the lead of others of its size:

1. A community cannot and will not do its war work or its peace work at home unless it has a community organization.
2. A community organization promotes civic patriotism and civic responsibility.
3. A community organization absorbs the valuable extra time and extra energy of ambitious business and professional men in work for the welfare and advancement of the entire community that under different conditions were wasted or thrown away in "peanut" politics.
4. A community organization reaching as it does all politics, all sects, all businesses and professions is the way and the only way to local peace and cooperation.
5. A community organization offers the one place where all the good fellows of all shades of opinions can get together, get acquainted, exchange ideas and experiences.
6. A community organization organizes the community to handle the community's business chances as they develop or are developed.
7. The community organization needs your influence and your money.

## HER TESTIMONY

Sister Smith was called upon for testimony in a revival meeting. She humbly declined in these words: I have been a transgressor and a black sheep for a good many years, and have only recently seen the light. I believe that my place is in a dark corner behind the door. Brother Jones was next called upon. Following Sister Smith's meek example, he said: 'I too, have been a sinner for more than forty years, and I do not think I ought to stand before you as a model. I think my place is behind the door, in a dark corner, with Sister Smith.'

## LETTER FROM CHAS. LOWRY.

The following extracts have been taken from letters received this week from Chas. Lowry, to his mother, Mrs. E. G. Lowry:

I did not send you any Xmas label as I did not care to have you send me anything as Emery Kyle of Osborn, who is with me, had his folks send him something. It came by way of Paris. Everything his folks sent had been taken out of the box and replaced by French stuff.

I don't think you need look for me home for some time as we are now with a labor company. It was some days before we knew the war was over. The boys here have not a good word for the Y. M. C. A. The Red Cross and the Salvation Army deserve credit for what they did.

In the letter of Dec. 26 Chas. tells of what a fine dinner they had for Christmas with turkey and all the good things that go with it even to pies, cakes and coffee.

I noticed by the papers here that the Motor Transportation companies would remain here until all the boys are gone. That looks like we will be here for another summer. When over to our company Xmas we received a citation from the Colonel of General Staff, giving us good send off for the good work we did in hauling the men to the front in the greatest emergency. We are glad the war is over but will feel better when the time comes to say good-by to France. Chas. is with the M. T. Co. 2, A. P. O. 712.

## YANK AIRMEN ARE DECORATED.

A Saturday dispatch from Washington, D. C., states that the Italian government has authorized a special service ribbon for 48 American air service officers and one medical officer. The officers have all returned to this country. In the list is Lieut. Paul H. Creswell, of this place, and Walter T. Meyer of Columbus, the only two Ohio men to be so honored. Lieut. Creswell has been discharged from the air service since landing at New York and is now visiting at St. Albans, W. Va., where he taught in the high school before entering the service.

## STAMP TRAFFIC IS PROHIBITED

Traffic in war savings stamps is prohibited by an order of the government, except to original owners. War savings certificates are not transferable and payable only in case of death or disability. These certificates may be cashed at post offices after ten days written notice.

## WHAT THE FILES SAY.

Issue July 4, 1891.  
Miss Ada Creswell has returned from Delaware.

A goose belonging to Daniel Jeffries died at the age of 25 years. It was formerly a resident of this place when the family lived here. It went with them to Xenia and then Dayton, and on to Dayton.

Word reaches us that twin babies have been added to the family of Mr. and Mrs. J. C. McMillan, at South Charleston.

Issue July 11, 1891.

Cal Owens, who is making his home at Reno, Nevada, returned here Wednesday evening for a visit with relatives and friends.

The Fourth of July celebration at Jamestown went off big. There were the usual attractions with a public wedding. Hon. Andrew Jackson was master of ceremonies and made a hit when presenting the wedding cake and \$50 in gold.

Issue July 18, 1891.

Lin Wilson met with a serious misfortune Sabbath evening when he missed his footing while climbing in the hay-mow to hunt eggs. He fell and dislocated his shoulder and otherwise bruised himself.

E. E. Murdock has returned to Cedarville after a two months visit in Illinois with his family. George Watson returned with him.

Samuel Turnbull shipped the largest steer this week that has been seen in Cedarville in a long time. It weighed 2,244 pounds.

Charles Weimer and Miss Ellen S. McMillan were married in Yellow Springs last Saturday night by Rev. Middleton.

D. B. Iliff of Clifton caught a fish at the mill dam that weighed 13 pounds and 9 ounces and measured 22 inches long and 9 inches in circumference.

Dr. Andrew Winter, our well-known physician was found dead in bed Wednesday morning, having died during his sleep.

Issue July 25, 1891.

Commissioner James Pollock met with an accident Friday while driving cattle near the Whitelaw Road farm. His horse had stepped into a tile ditch throwing the rider some distance on his head. He laid about an hour during a heavy rain when discovered by William Conley who succeeded in reviving him. He suffered a slight concussion of the brain and was injured on the left knee and arm.

The prohibition ordinance resulted in closing of saloons and a writer "Fair Play" answers a former communication relative to a poor woman who has been out-raged by not being permitted to rent her property for saloon purposes.

The firm of Dean and Barber has dissolved partnership and the business will be taken over by Mr. Dean.

NOTICE—Night hunters man, dog or gun not allowed on my farm.

## THE WHY OF NAVY UNIFORMS

Many old customs and traditions have left their traces in the uniform of American sailors of the present day. The wide, flaring trousers suggest a waste of material when seen on a city street, but they are really the most practical shape for the duty on ship-board. Because of the looseness they may be rolled up snug to the knees when the sailor is on the decks, and the flare also prevents them binding at the knees when the blue-jacket is required to go aloft. Another important advantage of the looseness is that, combined with the arrangement of the buttons on the side, the trousers may be easily slipped off in the water.

The thirteen buttons across the top of the trousers are a signal states.

The black tie, prescribed by regulation for American sailors, was handed down from the British navy. It was worn by the sailors of this fleet in memory of Nelson after the death of the naval hero. Similarly, the three white stars bordering the collar commemorate the great victories won by Nelson.

The bit of white cloth showing at the neck is a mark with the sailor of the rank of the sailor. After his death the sail in which his body was lowered to the water was divided among his sailors, with the request that the pieces be worn across their chests. This established the custom of wearing a white dickey, which is now replaced by the portion of the undershirt.

## HIS FIRST MISTAKE

Prof. F. A. Jurkat, who enjoys the reputation of always being correct in his statements, made his first mistake Tuesday evening at the opera house when he announced the community club banquet for Wednesday evening, Feb. 12 and that the admission for ladies would be 50 cents. The Prof. should have said 75 cents. It was a profitable mistake for it only was the opportunity for additional advertising of the coming banquet that could not have been, had the Prof. stated the correct amount.

## BOYS ARE COMING HOME.

There was joy in a number of homes in this vicinity when telegrams were received yesterday announcing the arrival of the 3630th regiment of the 83rd division. Those who are known to be in New Port News are Serg. John Collins, Merald Jobe and Frank Shroeder, who arrived on the Martha Washington from Brest, France. The boys will be mustered out at Camp Sherman.

Word has also been received from Wallace and Fred Irvine who arrived in New York City, they being in the 320th regimental band. Cecil Burns, rival of the 330th regiment of the York on the 26 and after parading in Cleveland, the regiment composed largely of northern Ohio soldiers will be sent to Camp Sherman to be mustered out. Major General Glenn returned with his division, the 83rd.

## NEW STONE CRUSHER.

W. J. Dailey has purchased the Preston crusher at Clifton and started his plant. Tuesday two blasts were put off with 35 pounds of dynamite that shook the village and covered it more or less with a shower of rock. After crushing a supply of stone for local use about Clifton the plant will be dismantled and moved here where it will be erected at the rear of the light plant on the D. S. Ervin quarry that was used a number of years ago. Mr. Dailey states that he expects to have his plant in operation by the middle of next month. He will likely use electricity for power.

## FEED! FEED!

Meat scraps for Poultry, Union Grain Feed, Winter Wheat Middlings, Oil Meal and Tankage at E. A. Allen's Elevator.

## AUDITOR HAD THE BEST PLAN; LAW FORBID.

The Clark county auditor had the assessors blanks distributed by the assessors last year and in this manner found 876 new tax payers, which added over a million to the duplicate. This was outside of the city of Springfield. The same plan in the city found 2,172 new tax payers that increased the city duplicate a million and a half. The combined gain was over 3,000 new tax payers and over three million on the duplicate. Judge Geiger has refused to let the Auditor send out the blanks in the same manner this year and they will be mailed as required by law. Here was a case where the county auditor knew more how to get property listed for taxation than the legislature that is composed mostly of politicians.

## WAS THERE IRONY IN WILLIS' SPEECH?

Frank B. Willis, two time candidate for governor in this state, spoke before a motor truck organization meeting in Cincinnati the other night and handed out a good one to Hamilton county. In the course of his flattering remarks about the City, he said "Cincinnati knows how to do the things she wishes to do". Cincinnati did as much as any other city to give me the title of governor, and also the title of ex-governor. I have no complaint to make of either action on Cincinnati's part. She is a good city". As to Bolshevism Willis stated that if it raised its ugly head, we should not deal with it, "but shoot hell out of it".

## OPENS RESTAURANT MARCH THE FIRST

H. A. McLean on Saturday closed a deal for the J. E. Post restaurant and will open it about the first of March with an up-to-date eating house. Mr. McLean has had experience in the restaurant business, having operated such an establishment several years ago.

## NOBLE RESPONSE FOR NEAR EAST PEOPLE.

Cedarville township is to be commended in the manner in which her people contributed towards the Near East campaign which was put on Monday. The township was divided into districts by the township chairman, Robt. Bird, and the canvassers found most people willing to help in supplying funds to provide for these starving people.

The quota asked for the country was 20 million and \$1,000,000 for Ohio was 20 million in the country. The quota in the township was about doubled by subscriptions. The cash received was \$1,258.10 and the pledges, \$102.25, making a total of \$1,360.35. Cedarville and Cedarville township have every reason to be proud of the result.

## JOSEPH WADDLE DEAD.

Joseph M. Waddle, aged 79, died Tuesday morning at his home on the Clifton pike, six miles south of Springfield. He had been in failing health for some time but was confined to his bed less than a week.

Mr. Waddle was a retired farmer and was a native of Virginia having lived in Clark county more than fifty years. He was a member of the Clifton U. P. church and was one of the leading citizens of his community.

Besides one daughter, Miss Nellie, at home, he leaves two others, Mrs. Albert Anderson of near Clifton; Mrs. Will Rife near this place and five sons Harry of Springfield; William, near Springfield; Forest of this place; Elmer of Xenia; Roy at home; and one brother, W. A. Waddle of Colorado, and one sister, Mrs. Susan Lewis of California. The funeral was held on Thursday morning from the late home with burial at Springfield.

## SUES FOR \$10,000 DAMAGES.

Frank Jeffreys, "Peg-Leg", has entered suit against the village for damages to the amount of \$10,000. Jeffries was arrested on Oct. 12 while in an intoxicated condition. It was necessary for the arresting officer, Fred Kennon, to club him before he could be placed in jail. Jeffries has always prided himself on being a "bully" and that no one man could take him up. After being placed in the cell he fell to sleep with a lighted cigarette in his hand. The result was that the bed clothing on his bunk took fire and his hands were terribly burned before assistance could be given. It was necessary to amputate one arm and all the fingers on his other hand, leaving but the thumb. Frank L. Johnson, is his attorney. Harry D. Smith will represent the corporation.

The path of duty looks harder than it is; the path of pleasure is harder than it looks.

Mr. Ground Hog will soon inform us as to how much more of this Florida winter we are to have.

The legislature in this state is in a worry over the tax problem. The real worry belongs to the tax payer who seldom ever gets to find the rate reduced.

The wag who was asked what difference there was in the power of the King of England and the President of the United States hit the nail on the head when he answered that "the King had a steady job".

Many a soldier boy that smoked cigarettes before the war, and escaped the notice of his parents, can now return and smoke the "coffin nail" in the open as an example of a bad habit contracted in the army.

The next presidential election will be on the wet and dry issues according to dispatches from Washington. The Anti-Saloon League will back Congressman S. D. Fess of this district for the Republican nomination and election.

The Ohio legislator that asks for the passage of a bill to place pads on the seats for the members should have asked for an extra pair of trousers. Its ten to one that more trousers are worn out on the Neil House hotel benches than in the halls of legislation.

Germany needs a taste of the same kind of government she gave Russia so we suggest to the Peace Conference that Berger, Debs and the I. W. W. leaders from this country be turned loose among the Huns. If this crowd don't make them wish for a Republican form of government there is no hope for turning the German people.

The legislature is urged by the Democratic State Auditor Donahay, to enact the direct inheritance tax as a means of raising state funds. If the Republicans are wise they will not be trapped by the scheme. The Republicans favored such a bill under the Herrick administration. The result is a matter of history and should not be forgotten.

The liberating of a hundred or more conscientious objectors from prison by the Secretary of War is an insult to the thousands of loyal boys that gave their service to the country. The punishment could not be made severe enough for this class yet the War department liberates from prison men that cannot be welcomed in a community of patriotic people.

The cry of railroad employees has been for the eight hour day. McAdoo has given the short day with no opportunity for extra time and the men are still complaining. Some of these days the unions will be asking for a six hour day and ten hour pay. If the railroads are still under government control we suppose the demand will be granted, and the shippers will get to foot the bill by increased freight rates.

## SUBMIT IT AGAIN.

We say that the classification amendment should be submitted again to the voters at the first election. An amendment that carried by 80,000 and then killed by the courts on a technical point should go before the people again for their approval under our "give-the-people-what-they-want" form of government. The proposed classification change is what is needed in this state. It will do much to distribute the liquor revenue loss on a fair basis among all classes of people. Ohio needs classification of property for taxation.

The estate of the late Sarah McMillan was appraised last Friday and amounted to something over \$4,000, about half realty and half personal. The appraisers were Robt. Bird, F. P. Hastings and R. C. Wilmington is preparing for some extensive street paving this summer. The best hit Cedarville council ever made was when part of Main street was ordered paved. Not a property owner would have it taken up. We only hope for more of it this year or next. The village has saved money by having Main street paved.

The many friends of Melvin McMillan will be pleased to hear that he has been made general manager of the American Railway Express Co., at Massillon, O. Mr. McMillan has been engaged in the express business in Cleveland for the past three years and has earned the above promotion. He is a son of Mr. and Mrs. James Harvey McMillan.

Mr. Robert Conley is taking a ten days vacation from his work as sub-inspector of Naval supplies at Dayton. After spending a few days with friends in Pittsburgh he will go to Washington and there visit the Government proving grounds to witness the testing of shells. From Washington he will go to Philadelphia and visit the great shipyards where the Government is installing naval machines made under his inspection in Dayton. Mr. Conley's work has been extended so that on his return he will have charge of all the government naval supplies turned out at Middletown, Columbus and at the Platt Iron Works in Dayton.

The Knight MacGregor Co. gave a splendid entertainment at the opera house Tuesday evening as the second number on the lecture course. Mr. MacGregor is the most pleasing baritone yet heard on the local stage. The violinist displayed unusual talent and rendered a program of solos almost exclusively classic. The piano accompanist was also quite an artist and displayed rare ability. Mr. MacGregor has much the style of the celebrated Harry Lauder, one of the highest salaried singers that comes to America. His rendition of popular numbers and his singing of famous Scotch songs were heartily applauded by the audience. Mr. MacGregor appeared in the closing numbers dressed in Scotch kilts.

## SUNDAY SCHOOL LESSON

By Rev. F. R. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.

(Copyright, 1918, Western Newspaper Union.)

### LESSON FOR FEBRUARY 2

#### THE GIVING OF THE MANNA.

LESSON TEXT—Exodus 16:1-36. GOLDEN TEXT—Give us this day our daily bread.—Matthew 6:11.

ADDITIONAL MATERIAL—Deut. 8:1-5; John 6:26-35.

PRIMARY TOPIC—God's gift of food.—Ex. 16:1-36.

INTERMEDIATE TOPIC—Our daily dependence upon God.

SENIOR AND ADULT TOPIC—Poverty and providence in our day.

I. Lusting for the Flesh Pots of Egypt (16:1-36).

1. Murmuring against Moses and Aaron (vv. 1-3).

As they journeyed from Elim into the great wilderness they became conscious of the scarcity of some of the things they had enjoyed even in Egyptian slavery. Only a few days ago they were singing God's praises for their wondrous deliverance at the Red Sea (Ch. 15). Now at the beginning of their privation they are murmuring. They utterly lack spiritual perception. They were a free people on the way to their own land. What did it matter, with such a prospect, though they were a bit hungry?

This complaining showed a base ingratitude and was most dishonoring to God. Unthankfulness is a sign of heart corruption (Rom. 1:21).

2. God's answer to their murmurings (vv. 4-12).

(1). He promised to rain bread from heaven (vv. 4, 5). His purpose in this was to teach them that "man doth not live by bread alone, but by every word that proceedeth out of the mouth of the Lord" (Deut. 8:3). The manna was given by God, but the people must gather it. (2). He promised to give them a vision of his glory (vv. 6-10). This served as a warning and an encouragement. Despite their murmurings against him he invites them to come near unto him. Wonderful grace that sinful, ungrateful men should be permitted to come near to God! (3). Flesh and bread promised (vv. 11, 12). God answered the cravings of the people by giving them quails and manna to eat. How gracious is our God! II. Quails and Manna (16:13-36).

At the appointed time God gave the Israelites the promised food. He first allowed them to feel their need, to show that man's highest need is to believe God and rely upon him for all needs (Deut. 8:2, 3; Matt. 4:3, 4). He then displayed his glory, showing that he is able and willing to supply their need if they would obey him.

1. In the evening the quails came up (v. 13).

Since they desired flesh he gave them flesh to eat. This is an example of the patience and long-suffering of God. How he caters to the whims of his vacillating children!

2. In the morning God gave the manna (vv. 14, 15).

The Israelites did not know what it was. They exclaimed: "What is it?" Moses told them: "It was the bread which the Lord had given them to eat."

III. The Responsibilities of the Israelites (16:16-31).

1. They must gather a certain ration daily (v. 16 of v. 4).

This was to test their faith. They must look to him for their daily bread (Matt. 6:11).

2. Every man was to gather for himself (v. 16 of v. 20).

The manna typified Christ (John 6:33, 51). As each man was to gather for himself so each one must appropriate Christ for himself.

3. The manna must be gathered fresh every morning (v. 21).

This was to be done early, before the sun was up. Christ, our manna, should be taken each day, and the first thing in the day (John 6:57).

4. They must not gather in excess of one day's supply (vv. 18, 20).

That which was in excess of the day's supply became corrupt. Christians should make use of the gifts bestowed by God. God's graces are only good when put to use.

5. The manna must be eaten to preserve life.

They were in the wilderness, so could only live by eating of the food which God gave. In the wilderness of this world only those who feed upon Christ, the true manna, have eternal life (John 6:50, 51).

6. Due consideration should be given to the Sabbath day (vv. 22-31). A double portion was to be gathered the day before.

IV. Manna Kept as a Memorial (16:32-36).

This was to be kept as a reminder of God's favor in supplying them with bread in the wilderness for forty years.

Help From Nature Study.

The study of nature is well pleasing to God, and is akin to prayer. Learning the laws of nature, we magnify the first inventor, the designer of the world; and we learn to love him, for great love of God results from great knowledge.—Leonardo da Vinci.

Think First Upon God.

In the morning, when you awake, accustom yourself to think first upon God, or something in order to his service; and at night, also, let him close his eyes.—Jeremy Taylor.

### Enchanted Hours with the Cheney

ENCHANTMENT comes on the wings of music to the home that owns a Cheney. The gifted singers, musical artists and entertainers who stand in the spotlight of fame—the greatest bands and orchestras, are at your beck and call. They come as living personalities, not as mere tone reflections. The full glory of their gifts is revealed as their records are played on the Cheney.

### The CHENEY PHONOGRAPH Plays all records—better

The charm of the Cheney is irresistible. You are won by its serene purity of tone—crystal clear, free from all trace of mechanical interference.

"Supremely satisfying from a musical standpoint"—is the verdict of highest authorities.

This instrument is presented in a series of period models, each an artistic gem.

## ONE CALLS FOR THE OTHER.

No sooner had the Rankin Bank in South Charleston prepared to improve the bank building until the opposition of the Rankin Bank takes similar steps. The building adjoining the Rankin Bank will be improved to increase the size of the present quarters. If all towns had that spirit there might be more South Charlestons in the state.

### PUBLIC SALE DATES.

J. A. Burns will hold a public sale of Duroc gilts on February 11th. Watch for bills.

The Kennon-Watt sale on the W. M. Barber farm is set for March 1st.
